Let me know if we're ok. If so, I'll start on the high level threat piece concerning the observed equipment the opp have seen coming to Ottawa

OK: So I've accepted all the proposed changes (in red) and this clears the red out of the margins. I removed the [REDACTED] piece, because there was too much sensitive info, and on page 6 the TA refers to [REDACTED] as holding their threat level at medium, so its reported there.

Everything is in order, table of contents updated, all the red out. Take a look and advise
